Higher Secondary Education – Science Stream

July 2021 – February 2022

Shri Gauridutt Mittal Vidyalaya

Secondary School – 85.40%

April 2019 – March 2020

Internship Experience

Software Developer Inter

MERN Stack | EmailJS | 3 Months Internship

January 2025 – March 2025

- Built and deployed responsive web apps using MongoDB, Express.js, React.js, and Node.js.
- Integrated EmailJS for contact forms and notification systems.
- Collaborated in a team using Git and GitHub for version control.
- Enhanced frontend UI/UX using modern JavaScript, HTML, and Tailwind CSS.

Personal Project

Student Attendance Management System

- Web-based system using GPS for attendance automation.
- Built with Python, HTML, CSS, MySQL (earlier MongoDB).
- Verified real-time student location and identity using AI.
- Provided admin and student dashboards with login authentication.
- Secured attendance records and allowed correction by admin/teachers.

Skills

- **Languages:** Python, JavaScript, C, SQL
- **Web Technologies:** HTML, CSS, React.js, Node.js, Express.js
- **Databases:** MySQL, MongoDB
- **Tools & Tech:** Git, GitHub, EmailJS, REST APIs
- **Soft Skills:** Communication, Teamwork, Analytical Thinking

Achievements & Learning

Self-Learning and Mini Projects (Jul 2024 – Dec 2024)

- Built multiple frontend interfaces and practiced UI/UX fundamentals.
- Learned and implemented JavaScript ES6+, HTML5/CSS3.
- Studied responsive web design and improved performance optimization techniques.

Career Objective

To obtain a challenging role in a growth-driven IT company where I can apply and enhance my full-stack development skills, contribute to team goals, and learn emerging technologies.
