

KIRTAN JAGDISH GUPTA

Full Stack Developer

Mumbai | +91 88986 64388 | kirtangupta174@gmail.com

[Portfolio: kirtan-portfolio-rose.vercel.app](https://kirtan-portfolio-rose.vercel.app)

PROFILE SUMMARY

Motivated Full Stack Developer with strong backend expertise in Node.js, Express.js, and MongoDB, combined with frontend skills in EJS, Tailwind CSS, and GSAP. Experienced in building secure, scalable, and user-friendly web applications using REST APIs and authentication systems. Passionate about solving real-world problems and continuously improving technical skills.

TECH STACK

Frontend: EJS, HTML, CSS, JavaScript, Tailwind CSS, GSAP, Next.js, React

Backend: Node.js, Express.js

Database: MongoDB

Languages: Java, Python, C/C++

Tools: Git, GitHub, Linux, REST APIs

PROJECT EXPERIENCE

Society Management System (Sai Society)

Jan 2025 – Apr 2025

- Built a full-stack system to automate society operations and communication
- Implemented authentication, role-based access, and a secure login system
- Developed core features including voting, maintenance tracking, announcements, and reports
- Designed REST APIs using Node.js & Express for efficient data handling
- Integrated MongoDB for scalable database management

HireSense AI

2026

- Built a full-stack AI interview preparation platform using Next.js 16, React 19, MongoDB, and Node.js API routes (119+ source files, 29 REST endpoints)
- Implemented JWT authentication with bcrypt hashing, HTTP-only cookies, and Next.js middleware for protected user/admin routes
- Built a resume parsing pipeline (PDF & DOCX) with AI-driven skill categorization, scoring, and role recommendations
- Developed an AI interview engine that generates role-based questions, evaluates answers, and produces scores with strengths/weaknesses
- Integrated real-time voice interviews (speech-to-text, filler-word detection, WPM analysis, confidence scoring) and a user dashboard with PDF report generation
- Built an admin panel with user/interview/resume management and analytics with Excel export

Facebook Clone (Full Stack Project)

Aug 2024

- Developed a social media platform using Node.js, Express.js, and MongoDB
- Implemented backend logic for user interaction and data storage
- Demonstrated full-stack architecture and API integration

Business Website Clone

Dec 2024

- Created a responsive website applying modern UI/UX design principles

EDUCATION

Master of Computer Applications (MCA)

2025 – 2027

Mumbai University (MU) | Currently Pursuing

Bachelor of Computer Applications (BCA)

2022 – 2025

Tilak Maharashtra Vidyapeeth, Mumbai | CGPA: 8.270

ACHIEVEMENTS

- Participated in multiple hackathons, strengthening problem-solving and teamwork skills

- Built multiple full-stack and frontend projects demonstrating practical development experience

ADDITIONAL INFORMATION

- Strong interest in full-stack development and real-world application building
- Experience in event management and coordination
